

SMALL PARTS STORAGE

ROTABIN STORAGE UNITS

- Revolving units allow for greater accessibility and visibility
- Shelves sit securely on ball bearings held with a solid steel pin
- Each shelf rotates smoothly and independently

TO ORDER:

- 1) Measure available floor space to determine Rotabin shelf diameter that will not intrude on aisles.
- 2) Determine number of Rotabin shelves required by matching the unit height with the available storage height.
- 3) Select the appropriate Rotabin unit: 17", 28", 34", 44" or 58" diameter units
